Tuesday 23rd July, 2024

Dear Sir/Madam,

Norfolk Offshore Wind Zone:
Cromer road (AC72) Access Point

Murphy are the delivery partner for Norfolk Vanguard Ltd's Norfolk Offshore Wind Zone's cable route. As part of the construction of the 60km cable route, there are a large number of access points being installed to facilitate access/egress onto the working easement.

Access Point 72 (AC72) is being installed on Cromer road, Aylsham. With a What3Words location of /// tailwind.trusts.slot. To allow for the works to be carried out safely, a road closure is required for Cromer road and will be in place for 32 days, commencing on Monday 23rd September.

During that time Cromer road will no longer be a through road and access will be restricted. The closure will only affect the works location and access to all properties each side of the closure will be maintained from the corresponding side of the works. Construction traffic will need to utilise the road to complete these works, so an increase in vehicle movements will be noticeable. We will endeavour to limit any potentially disruptive activities to the hours 08:00 – 18:00 Monday to Friday and 08:00 – 13:00 Saturdays. We appreciate this may be an inconvenience, but every effort will be made to complete the works with limited disruption.

Keep in touch

We thank you in anticipation for your understanding during these works, but if you have any queries, please contact me. If you would like to know more about the wider Norfolk Zone projects, please visit www.nowzone.co.uk. To keep up to date with other project updates and events across Norfolk, you can also subscribe to the Norfolk Zone e-newsletter too, at: <https://bit.ly/NorfolkEnews>

Yours faithfully,

Victoria Crawford
